[1](#)1. (S) On May 24, Econchief met with Yacoub Al-Hosani, MFA Director for International Cooperation (and the MFA's member of the UAE's Counterproliferation Task Force) to seek identifying information on Daniel Frosch. Al-Hosani suggested that the topic would be a good subject for discussion during the June 11, CTF working group meeting. (Note: The UAEG mentioned Daniel Frosch in its May 22 response to the CTF (currently being translated by the Department), but there does not appear to be any substantive information in the message (ref a). End Note.)
